UNION LABEL.

St. Joe revels in the luxury of a million dollar fire Monday.

Guthrie must reap some of the substantial benefits from the great influx of people to Oklahoma.

The senate has confirmed the nomination of W. H. Jones of Illinois as first assistant postmaster general.

The Brazilian war is becoming serious. Rio was bombarded by the insurgent war ships Tuesday, resulting in a heavy loss of life.

Keep an eye out for Guthrie. When you meet a party afraid to invest in the new towns send them to the capital city, and thus help the whole territory.

Oklahoma has nearly doubled in population since the opening of the strip. The capital city must increase in population to the growth of the territory.

With the prohibitionists of Iowa bolting the Republican ticket, the Democrats will make a clean sweep and add another to the Democratic majority in the senate.

The rough treatment given the party of robbers that attempted to hold up the train on the Kansas City, St. Joe and Council Bluffs road the other night will go a long way toward breaking up the fashion.

Since Judge Martin has retired from the secretaryship he is giving his full time to his railroad interests. The Oklahoma Central is a sure go and the time is not far distant when Guthrie will have an air line of railway to St. Louis.

Prince Louis is recovering from his recent illness and is again on the "road." He declares he will yet wield a more powerful influence in shaping the political affairs of the German empire than his enemies think.

Oklahoma will be "Chicago day" at the World's Fair. For the occasion the Santa Fe gives a rate of a cent a mile from every station on its 9,436 miles of road. The rate will make an immense amount of travel on the popular route.

All the employees of the Union Pacific railway system have formed a federation for the purpose of resisting the proposed reduction of wages. It is thought the organization is strong enough to resist successfully the company's action.

It looks as though Siam had not surrendered altogether to France. Dispatches from Paris state that the French government has sent several more war ships to Bangkok and another "demonstration" will be made. This is a war cloud.

European newspaper correspondents are again at work trying to organize war between a pair of hostile countries over there. They have a little cloud started to which they hope to add during the winter months and have it burst with the spring.

It is rumored that the Czar of Russia will alter the succession to the throne, making his youngest son, Grand Duke Michael, his successor. This is done, it is said, because the oldest boy hasn't any sense and is opposed to the persecution of the Jews.

The H. O. G. railroad, which became entangled in a law suit a few weeks ago, preventing its building into Oklahoma in time for the strip opening, is getting out of its trouble and will resume operations at once. It is headed for Enid and will come on through to Guthrie.

The papers have been signed for the Corbett-Mitchell fight December 15, and the contest has begun so far as talk goes. It is not improbable that Governor Flower may prohibit everything except the talk, which is as harmless among prize-fighters as such senators as those from Nevada.

The train men who defended the Illinois Central train from robbers the other day are to be given substantial recognition for their bravery, it is reported. The men who wiped up the right-of-way with a band of robbers near St. Joe deserve at least a merit card also. They did the best job of the season.

The Michigan Central has armed all of its trainmen with Winchester shotguns carrying six charges of buckshot.

CRIMES IN THE STRIP.

A BOOMER RIDDLED WITH BULLET AT WOODWARD.

Said Fate of a Boomer Near Pond Creek. A Victim Which Tells a Significant Tale.

Early yesterday morning at Woodward, one of the new towns in the strip, James Harvey and a man supposed to be J. T. Ross, of Galveston, Texas, quarreled over a horse. Harvey accused Ross of stealing his horse and selling him. Angry words passed, when finally Ross whipped out a revolver and fired two shots at Harvey, one of which took effect in the latter's throat killing him instantly. Harvey was a boomer and captured a claim near Woodward. He leaves a family. Ross shipped out and has not been seen since the tragedy.

From Pond Creek news comes to the effect that the body of a man was found hanging from the limb of a tree, eight miles east of the town, yesterday, with a card attached bearing this inscription: "Too soon." It is believed that he was lynched by settlers for being a boomer. Captain Dodd, in command of troop F, stationed at Pond Creek, has sent out a detachment of soldiers to investigate the matter.

CHEROKEE TITLES ALL RIGHT. Not Very Probable that There was an Inside Deal to the Blackwell Townsite.

There have been rumors in the town in the Cherokee strip lately that the Cherokee would not be able to give titles to lots in their towns for twenty-five years. Colonel Robert L. Owens, who is managing the affairs of the allottees, was seen by a reporter for the Kansas City Star and asked as to the truth of the rumors, as they had been advertising that perfect titles could be given on their lands at once. He said: "We can give warranty deeds as soon as the plats and records of title of the towns can be filed with the proper authorities. None of these officers have as yet qualified. A great many people have become imbued with the idea that the Cherokee allotments were given under the general allotment. They were given under a special act, subject to the confirmation of the secretary of the interior, and that having been secured, title can be given at once."

The stockholders in the new town of Blackwell are very much dissatisfied with the methods pursued by the officers of the townsite company and threaten to make trouble. Blackwell is at the confluence of Bitter Creek and the Chickasaw rivers on a Cherokee allotment. The land was allotted to the wife of A. P. Blackwell, who entered into an agreement with a townsite company organized at Winfield, the officers of which are among the best known business men in Cowley county. J. R. Linn, a wholesale dry goods man of Winfield, is president, and W. C. Robinson, president of the First National bank of that city, treasurer. The other officers are men equally well known and respected. The company was formed this summer limiting membership to 1,000 at \$5 a share. Everyone holding a share was entitled to one lot, which was to be drawn from the lottery plan. Their books were very soon filled, the subscribers being business men, clerks, mechanics and a good sprinkling of women in Winfield and Arkansas City. One Okla. and alternate lots in the projected town of Blackwell were bought from Colonel Blackwell for \$2,000, the others being reserved by himself. First, all the choice corner lots in town were equally divided between the company and Colonel Blackwell and the company's lots were supposed to have been put on the books for general distribution.

AS THERE AN INSIDE DEAL? The agreement at the time the strip was sold was that a general meeting of the shareholders was to be held the Monday after the run and an early day set for the drawing. To such meeting was called, and on Tuesday the officers began the drawing. Some of the members in this city accidentally heard that the drawing was proceeding and went to Blackwell to look after their interests. Upon investigation of the books it was discovered that block lots, the choicest business property in the city, was on the books, but that not a member of the company was credited with a lot in it. The block opposite No. 91, equally choice, did not appear on the books, and a general investigation was made. E. T. Hervey, the secretary, was asked as to the disposition of the funds of the company and stated that they had paid Colonel Blackwell \$1,000 for lots and that they had to go outside to purchase enough lots to go around.

Notice. All persons are warned not to buy or lease lot 4 in block 25, Perry, as the same is claimed by H. H. Reeves and is not for sale or lease. To the Columbia harbor ship for the separate share and first lot out in the city. Notice. The fortune teller who wanted to leave our city Monday is going to stay another week at request of the public. He will wait on you at her room at the Wellington hotel No. 115 Second street. Can be consulted until 10 a. m. Consultation, ladies, 50 cents; gentls, \$1.00. 24416.

GAINEVILLE, TEXAS, Jan. 10, 1888. I find after two months use of Dr. Thompson's blood purifier, that it regulates the bowels and gives tone to the digestive apparatus and gave me a relief and start to improve. I find no other medicine. It is no humbug. Respectfully, Rev. W. A. Hyde. For sale by F. B. Lillie & Co.

Why PURE Paint

Is the Best and Cheapest Paint on the Market.

What is it that gives any Paint Durability, Beauty of Finish and Preservative Quality?

PURE LINSEED OIL--ONLY.

To every gallon of Hammer Brand Prepared Paint must be added one gallon of Pure Raw Linseed Oil to reduce ready for painting. When you add a gallon of pure, fresh Linseed Oil to a gallon of Paint, you know that you will have a ready-mixed Paint, made from pure Linseed Oil, and not one made from Liquid Adulterants. This necessary addition of raw oil to the paint is the durability of your paint under your own control, and this Paint is most economical, as compared with other Ready-Mixed Paints inasmuch as the consumer does not pay for Linseed Oil used at the rate of cost of Ready-Mixed Paint, \$1.10 to \$1.25 per gallon. After being thinned with pure Linseed Oil, one gallon of the mixture will cover 300 square feet—two coats on good surface.

There is no other Paint made that can offer absolute proof of durability, at a cost of \$1.30 per gallon to the consumer. For sale only by F. B. LILLIE & CO. DRUG, BOOK & NEWS DEPOT, GUTHRIE

PERRY CHIT CHAT.

Street Sprinklers for West Perry--Winfield Smith on His Move.

Ex-Governor Dick Oglesby's boys of Illinois are holding down lots in the dust.

James Hunter and Will Wells are doing a land office business in the property line.

West Perry's city government passed an ordinance to establish street sprinklers.

Madam Lemout fortune teller, has located in Perry and is doing a world's fair business.

Forest Halsey, brother of Oscar Halsey, took his contentment by the seat of the pants and fired him off his lot.

Ned Chadwick sells a car load of beer at 10 cents per glass or 10 cents per bottle. He supplies all the saloons in town and says he is here to do the business.

Harry Colton says he arrived in Perry, a boomer, at 10:30 a. m. on the 16th. He and Frank Hindman stood near the U. S. land office square and watched 200 boomers stave lots at 11 o'clock. He says that all the first people that were in line at the U. S. land office were boomers. He will be a valuable witness before the townsite board and U. S. land office when cases are set for hearing.

Winfield Smith could not live during all of this excitement without a scrap. He was throwing lumber on a lot to keep Sheriff Palmer and his son from taking possession. When the sheriff returned the lumber young Smith grabbed an ax, Winfield his gun and he looked as though death and his execution was in the way for Sheriff Palmer and his son. The good spirit moved Winfield and his son, which saved the lives of the others.

THE PERRY PROCLAMATION. It will Divide the New Town into Four Precincts.

The governor's proclamation ordering an election for Perry will divide that city into four precincts. The first precinct is all north of a street south of Sixth Street, all north of a street and west of Sixth Street, all south of Sixth Street and west of Sixth Street, all south of Sixth Street and east of Sixth Street.

The voting places are as follows: First, lot 8, block 13 Second, lot 2, block 13 Third, lot 8, block 13 Fourth, lot 2, block 13.

WAITING FOR A NEW OPENING. The Nickapoo County Will Not Be Thrown Open Inside of Six Months.

A report has been gaining force for some days that the Nickapoo reservation would be opened for settlement in six weeks, and a number of boomers who were disappointed in the strip have declared their intention of waiting here until it is opened. A former officer of the Indian department, who is qualified to give information on the subject, stated that there was no possibility of its being opened under six months at the earliest. News from Oklahoma City, formerly of Blackwell, Kan., has received the appointment as allotting agent, but he has not yet given his bond as such. He cannot finish the allotments in less than six months. The people are anxious to get into the Nickapoo country and seem to have already forgotten their misery and disappointment incident to the opening of the strip. The Nickapoo country is much better farming land than the strip and well watered. It is bounded on the north by the Deep Fork of the Canadian and on the south by the North Fork, both deep flowing streams.

IS HAVERLY INSANE? The Noted Theatrical Manager Said to Be Deported. A dispatch from New York says that J. H. Haverly, the widely known theatrical manager, and proprietor of Haverly's Casino, on Wall street, in Chicago, has been confined in a Western asylum for the insane. Jack Haverly was in Guthrie two weeks ago. He was alone and sent some telegrams at the telegraph of the day. He went from here to Perry with Paul Shoop. The New York dispatch is undoubtedly a mistake, as Haverly appeared in good condition while here.

ENNIS, TEXAS, March 8, 1893. Thompson's Blood Purifier. I have used it for some time and it has done me a great deal of good. Please send me one-half dozen bottles of the medicine. Yours Respectfully, Mrs. T. R. Eason. Wife of T. R. Eason, conductor on R. & C. R. R. For sale by F. B. Lillie & Co.

To the Ladies. Madam Brigg & Bright wish to announce their opening of fall and winter millinery for October 2 & 3. A cordial invitation is extended to all ladies. The Columbian tenor's parlor is fitted up neatly and you never have to wait long for "next." 21511.
